NOTES:

CHALLENGE

In many areas there has been an unprecedented amount of rain this year. As a result, we have seen an increase in flooding in many cities across the country. How prepared is our department to cope with emergency response in situations that our outside the norm?

DISCUSSION

- What personnel safety issues come to mind?
- What concerns do you have about the general public and evacuation that may be necessary?
- How prepared is your department equipped to provide services in a situation such as this?
- What mutual aid agreements do we have?
- You are the safety officer, what instructions do you have for your crew?
- What are your concerns as the incident commander?
