CHALLENGE

This scene demonstrates several challenges. Electrical lines pose threats and should never be minimized. You have arrived at this scene. It's your call.

DISCUSSION

- What personnel safety issues come to mind?
- What would you do next?
- Let's talk about our exposure to electrical lines.
- Have we had near misses involving electrical contact?
- You are the safety officer, what instructions do you have for your crew?

The greatest asset of the fire service is our people; protect them!
